

LMA Research Cores Showcase

Wednesday, November 5th | 2 - 5 PM

Martin Conference Center, Harvard Medical School
77 Ave Louis Pasteur, Boston MA

Speaker Presentations (Amphitheater)
Poster Session & Reception (1st & 2nd floor)

Harvard & Longwood Medical Area Research Core Facilities
Supporting Innovative Research

Co-sponsored by the Massachusetts Life Sciences Center (MLSC)

Speaker and Poster
Details

- Imaging/Microscopy
- Conventional EM
- Cryo-EM
- Data Management and Analysis
- Gnotobiotic Mice
- Stem Cells and iPSCs
- Flow Cytometry, Cell Sorting
- Single Cell / Spatial Transcriptomics
- NextGen Sequencing
- Research Instrumentation Design/Fab
- Small molecule and RNAi screening
- Arthropod Cells and Genetics

- Mass Spectrometry
- NMR
- Analytical Chemistry / Crystallography
- Macromolecular Interactions
- Bioinformatics/Biostatistics
- Computing and Software
- Mouse Engineering
- Animal Behavior and Physiology
- Molecular Genetics / Cancer Genomics
- Viral Technology / Viral Vectors
- Histopathology / Pathology
- Clinical Research Support
